

CALL FOR EXPRESSION OF INTEREST

THE FABRICATION, DELIVERY, PROMOTION AND REFURBISHMENT OF THE CHITOFU 3IN1 STOVES

Introduction

Energizing Development (EnDev) Malawi, funded by the German Federal Ministry for Economic Cooperation and Development (BMZ) along with multiple international donors, is initiating a transformative project aimed at revolutionizing energy usage in Malawi's fishing communities. This initiative seeks to address the critical challenges posed by inefficient fuel consumption, particularly in fish processing activities, while simultaneously fostering sustainable livelihoods and environmental stewardship.

Project Overview

Under this project, EnDev Malawi is calling for expressions of interest from qualified service providers to participate in the fabrication, delivery, promotion, and refurbishment of Chitofu 3in1 stoves. These stoves represent a pivotal solution in enhancing energy efficiency and promoting sustainable practices in fish processing, thereby improving livelihoods and conserving precious natural resources.

Objectives of the Assignment

The primary goal of this assignment is to deploy innovative Chitofu 3in1 stove technology across selected districts in Malawi, specifically Mangochi (MH) and Nkhosakota (KK). Through targeted interventions, the project aims to:

- Enhance the usage of existing Chitofu 3in1 stoves in Mangochi.
- Introduce Chitofu 3in1 stoves in Nkhosakota.
- Promote sustainable fuel supply chains.
- Develop innovative fish drying technologies.

Scope of Work

The assignment encompasses several work packages, including stove fabrication, usage training, capacity building, and final reporting. Detailed tasks and deliverables are outlined within each package to ensure comprehensive project implementation.

Expression of Interest

EnDev Malawi invites interested parties with expertise in stove fabrication, community engagement, and sustainable energy solutions to submit expressions of interest for participation in this groundbreaking initiative. Prospective service providers should possess relevant experience, technical capacity, and a commitment to advancing sustainable development goals.

Coordination and Reporting

Successful bidders will collaborate closely with EnDev Malawi, adhering to established reporting requirements and communication protocols. Regular coordination meetings and timely submission of deliverables will be essential for the successful execution of the project.

Submission Details

Interested bidders should request for bid documents by sending an email to ProcurementMW@giz.de. All queries should be addressed to the same email address above.

Expressions of Interest should arrive at:

GIZ Country Office
Area 10/319,
Mtendere Drive,
P.O. Box 31131
LILONGWE 3.

by **Friday 10th May 2024 at 1:30pm**. Late submissions will not be accepted.

Conclusion

This call for expression of interest represents a unique opportunity to contribute to sustainable development efforts in Malawi's fishing communities. Join us in harnessing the power of innovation to create positive impact and drive meaningful change. Together, we can build a brighter, more sustainable future for all.

Failure to comply with any of the expression of interest rules shall also lead to disqualification.
