

Call for Consultancy Services

Consultancy to Conduct a Study on the Political Economy Analysis (PEA) of Water, Sanitation and Hygiene (WASH) in HealthCare Facilities in Malawi

1. Background and Context

A consortium of White Ribbon Alliance for Safe Motherhood (WRASM), Malawi Health Equity Network (MHEN), Water and Environmental Sanitation Network (WESNET), WASH Media Forum, WaterAid Malawi and other organisations are implementing a Civil Society Leadership in Mobilising Better WASH (CLIMB) partnership programme and the Time to Deliver Campaign at national level and in the districts of Ntchisi, Kasungu and Mangochi.

A member of the consortium, WRASM is looking for consultants to conduct a study on the Political Economy Analysis of WASH in Healthcare Facilities in Malawi. This consultancy aims to provide a clear understanding of the policy and implementation landscape for WASH in HCFs. It will identify key actors and decision-making processes, examine the gaps contributing to the prevailing state of WASH in HCFs, and outline what must be done to address these gaps so that WASH in HCFs receives the long-overdue attention it deserves.

2. Purpose of the Consultancy

The purpose of this consultancy is to conduct a Political and Economy Analysis of WASH in HCFs and bring out actionable recommendations to inform national policies, strategies, and investment decisions.

3. Application Process

Interested consultants should submit application to: **The Executive Director, White Ribbon Alliance for Safe Motherhood; Area 47, Sector 1, Plot # 235; P.O Box 30440, Lilongwe.**

Or through email to mlomaphiri@wramalawi.org;

Detailed Terms of References are available on www.wateraid.org/mw/publications

Deadline for submitting applications is **Wednesday, 10th March 2026.**
